On March 11, 2021, the American Rescue Plan Act was signed into law, and established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund, which together make up the Coronavirus State and Local Fiscal Recovery Funds (“SLFRF”) program. This program is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses.

As a recipient of the “SLFRF” allocation of funds, the Autonomous Municipality of San Juan has substantial discretion to use the funds in the way that best suits the needs of its citizens, as long as such use fits into one of four statutory categories, such as making the necessary investments in water, sewerage or broadband infrastructure.
